1 - Identification

Product Name: Cap Mastic
Product Code: # 205
Trade Name: Del-Val "Delivering Value"

Company: United Asphalt Company
        P.O. Box 291
        Cedar Brook, NJ 08018

Phone: 800-843-0317

Emergency Telephone Number
Chemtrec: 800-424-9300

2. Hazards Identification

Product may cause respiratory irritation, headache, dizziness, nausea and vomiting.
Prolonged or repeated contact with skin may cause dermatitis.

GHS Ratings:
- Flammable liquid 3 Flash point >= 23°C and <= 60°C (140°F)
- Skin corrosive 2 Reversible adverse effects in dermal tissue, Draize score: >= 2.3 < 4.0 or persistent inflammation
- Eye corrosive 2B Mild eye irritant: Subcategory 2B, Reversible in 7 days
- Carcinogen 2 Limited evidence of human or animal carcinogenicity

GHS Hazards
- H226 Flammable liquid and vapour
- H315+H320 Causes skin and eye irritation
- H351 Suspected of causing cancer

GHS Precautions
- P201 Obtain special instructions before use
- P202 Do not handle until all safety precautions have been read and understood
- P210 Keep away from heat/sparks/open flames/hot surfaces – No smoking
- P233 Keep container tightly closed
- P240 Ground/bond container and receiving equipment
- P241 Use explosion-proof electrical/ventilating/light/…/equipment
- P242 Use only non-sparking tools
- P243 Take precautionary measures against static discharge
P264: Wash hands thoroughly after handling
P280: Wear protective gloves/protective clothing/eye protection/face protection
P281: Use personal protective equipment as required
P321: Specific treatment (see section 4 on this SDS)
P362: Take off contaminated clothing and wash before reuse
P302+P352: IF ON SKIN: Wash with soap and water
P303+P361+P353: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
P305+P351+P338: IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing
P308+P313: IF exposed or concerned: Get medical advice/attention
P332+P313: If skin irritation occurs: Get medical advice/attention
P337+P313: If eye irritation persists, get medical advice/attention
P370+P378: In case of fire: Use appropriate media (see section 5) to extinguish
P405: Store locked up
P403+P235: Store in a well ventilated place. Keep cool
P501: Dispose of contents/container (see section 13)

Signal Word: Warning

Acute toxicity: Not classified

### 4. First Aid Measures

If respiratory discomfort occurs, remove to fresh air. If discomfort continues, administer oxygen and get medical attention.

If this product comes in contact with eyes, flush eyes with plenty of water for at least 15 minutes and seek medical help.

If this product comes in contact with skin, remove material with mineral oil, then wash with soap and plenty of water.

If swallowed, do not induce vomiting. Get medical attention. Treat symptomatically.
5. Fire-Fighting Measures

Flash Point: N/A
LEL: 124.00
UEL: 124.00

Suitable Extinguishing Media:
Use dry chemical, CO2, water spry (FOG) or foam.

Unsuitable Extinguishing Media:
Avoid solid water stream as it may scatter and spread fire.

When heated above flash point, material will release flammable vapors which can burn or be explosive in confined spaces if ignited. Do not mix with strong oxidants such as liquid chlorine or concentrated oxygen.

Elevated temperatures can lead to the formation of irritating vapors. Decomposing products may include the following materials: Carbon dioxide and Carbon monoxide.

Minimize breathing vapors, gases or fumes of decomposition products.
Do not enter any enclosed or confined fire space without proper protective equipment, including self-contained breathing apparatus.

6. Accidental Release Measures

Eliminate Sources of ignition and ventilate the area. Add sand or earth or absorb spill with suitable absorbent material and place in a closed container.

Keep products out of sewers and waterways by diking or impounding. Advise authorities if product has entered or may enter sewers or waterways. Assure conformity with applicable governmental regulations.

7. Handling and Storage

Vapors are heavier than air and may travel along the ground or be moved by ventilation to locations distant from the point of material handling. To prevent fumes from entering buildings or confined areas, close all air intake sources near the material handling or the work area. To prevent ignition, avoid smoking, keep away from heat, open flames and sources of static or electrical sparking. Use explosion proof motors and equipment. Tank trucks or other containers should be grounded and/or bonded when the material is transferred.

Avoid prolonged or repeated inhalation of vapors or spray mists. Avoid prolonged or repeated skin contact. Adhere to good hygienic practices. Avoid open flames. Use with adequate ventilation.

Store in a cool, dry place, out of direct sunlight and away from heat, sparks, and flame.

Health studies have shown that many petroleum hydrocarbons pose potential human health risks which may vary from person to person. As a precaution, exposure to liquids, vapors, mists or fumes should be minimized.
8. Exposure Controls / Personal Protection

Local Exhaust: In enclosed areas. Special: None
Mechanical: In confined areas. Other: None

Respiratory Protection: Use supplied-air respirator in confined areas or with vapors in high concentrations.

Eye Protection: Safety glasses or face shield for liquid material.
Protective Gloves: Solvent impervious gloves.
Other Protective Clothing Equipment: Long sleeves and impervious clothing to protect against splashing.

15. Regulatory Information

SARA TITLE III - EPA Regulation 40 CFR 302 (CERCLA Section 102); CFR 355 (SARA)
This product contains the following chemicals subject to the reporting requirements of SARA 313 and 40 CFR 372

1,2,4 - Trimethylbenzene  CAS#  95-63-6  Weight%  0-2

EPA HAZARD CLASSIFICATION CODE:  Acute Hazard/Chronic Hazard/Fire Hazard/Pressure Hazard/Reactive Hazard - NOT APPLICABLE.

TSCA, CANADIAN DSL: Yes

State of California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65):
WARNING! This product contains the following chemicals which are listed by the State of California as carcinogenic or a reproductive toxin:
8031-18-3  Hydrated Magnesium Aluminum Silicate  10 to 20 %
8052-41-3  Aliphatic Petroleum Distillates  20 to 30 %
8052-42-4  Asphalt  50 to 60 %

The following chemicals are listed under Canadian DSL
- None

New Jersey Worker and Community Right to Know Hazardous Substance List: The following substance appear on the NJ Right To Know Hazardous Substance List.
- None
